DIARY NOTES

DD/S *JML*

31 July 1963

1. At the Executive Committee Meeting this morning the Director said that he had been asked to sit with N. E. Halaby and others on a number of problems having to do with development of a supersonic transport, the purchase of foreign manufactured airplanes by U. S. airlines, etc. He asked Bud Wheelon to develop a paper for him on just what subsidy and other benefits U. S. airlines get from the American taxpayer. I volunteered that [REDACTED] might be helpful and agreed to have him get in touch with Bud. (Gates Lloyd is handling this.) 25X1A

2. Mr. Norman Winter and Forrest Hogg of Motorola Corporation were in to pay a courtesy call. 25X1A

3. Jack Earman telephoned to say that [REDACTED] had obtained General Carter's approval to handle the Fitness Report on [REDACTED] via a memorandum from the Deputy Director (Plans) to the Director of Naval Intelligence. I passed this on to [REDACTED], who had already heard of it and was proceeding accordingly. 25X1A

25X1A 4. I had a discussion with Bud Wheelon about the proposal to appoint [REDACTED] as his Executive Officer and also about the proposal to transfer the Automatic Data Processing Staff to DD/R. I explained the history of Jack's selection for the SSA-DD/S position. I emphasized that I could take no other position than the one that I have taken but assured him that whatever the decision might be it would not affect relations between DD/R and DD/S in any way. I also told him that I had no objection to the transfer of the Automatic Data Processing Staff to DD/R. 25X1A

25X1A 5. Joe Larocque was in to ask me if I would have any objection if he attempted to recruit [REDACTED] as the Deputy Assistant Director for Operations. I told him that [REDACTED] would be available to know fairly soon. He asked me not to discuss it with anyone until he has had a chance to talk to Ray Cline about it. 25X1A
